### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Sabrina MacIntyre (56,912) on 08/22/2005.

The application has been amended as follows:

In the Claims:

In Claim 12, line 11, please replace "such that" with --to enable--.

In Claim 12, line 11, please replace "may" with --to--.

### **Reasons for Allowance**

3. The following is a statement of reasons for the indication of allowable subject matter: From the remarks filed 04/28/05, the examiner finds the arguments concerning claim 12 and those claims dependent on claim 12 to be persuasive (See Pages 14-16 of the remarks). Particularly, the Kanevsky reference (U.S. Patent 6,300,947), in the situation where a device is incapable of displaying all available content, employs a hyperlink when a content portion of lower priority does not fit with a content portion of higher priority. This is in contrast to the applicants' invention which does not employ a hyperlink to display the information as it only displays those portions that can be fully

displayed as expressed in claim 12. The claimed subject matter is found to be non-obvious in view of the prior art.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
